About me

I am a cheerful person with a positive outlook on life. I am very hard working and never shy away from work that needs to be done. I am a great team player as I have learnt from my jobs so far, and enjoy working as part of a team as well as tackling tasks alone. I love working closely with the public, as I'm always happy to help and ready to resolve their queries. In my free time I love illustrating and producing t-shirt designs. I also love spending time on the water windsurfing and sailing. I like collecting visuals such as postcards and examples of typography, which inspire me.

Experience

I have contributed to voluntary work in Phuket in a orphanage.
I taught english to children ranging from the ages 8-15.
It was an experience which really touched me and changed my outlook on life completely.

Tranferrable skills

I am competent in Adobe Photoshop, Illustrator and also work with InDesign

Curriculum Vitae

Qualifications:

The Arts University College at Bournemouth 2010-2013:
